

NOTICE

Individual Entry Protocol

For the safety of our patients and staff,
Rho Family Dentistry is practicing individual entry protocol.

1. When you arrive, please stay in your car and call our office (916) 562-2755 or text (530) 656-8155 and let us know you are here.
2. Once your patient room is available, we will text or call you to enter the reception area. Don't forget your masks and a pen if you'd like to use your own.
3. There should be no one in the reception area when you enter. If for some reason there is someone there, please wait right outside while we direct that person to the appropriate place. Please always maintain 6-foot distance from others.
4. Once in the reception area, someone from our staff will take your temperature and have you fill out a screening questionnaire.
5. Once cleared, a team member will escort you directly to your patient room.

Thank you for your understanding and cooperation.
